

## Amazing Space

M&M space design is a derivative of Mark and Michelle Metior's store Hmate House in Kloof. This new store exposes different facets of their business, retail as well as design. The store has been laid out to showcase home accessories and leads onto a fabric boardroom featuring an extensive range of local and international ranges before moving into an open plan design studio. Within the store Mark and Michelle have installed home lighting and audio security automation systems. Over and above their custom-made furniture, they showcase furniture and objet by some of South Africa's top local names including Haldane Martin, Willowlamp, Ceramic Matters and Guido van Bessou. In addition to selling accessories and homeware products M&M space design offers a sound consultancy service. Visit them at shop 10-11 at the Flanders Mall in Mount Edgecombe. Phone 031 539 1072.

# SOUTH AFRICAN GARDEN AND HOME

REAL HOMES FOR REAL PEOPLE
