

Having utilized the services of MM Designs over the past 3 years, both in the revamp of our apartment and our offices, we have found Mark and Michelle and the entire MM staff to be extremely knowledgeable, creative, competent and professional.

Living in an apartment on the beach, we wanted to create a stylish and sophisticated yet casual and comfortable environment with specific attention to making efficient use of the smaller space but not to detract from the incredible sea views and natural beauty the apartment afforded.

MM understood this completely, making use of soft neutral colors both in wall coverings and fabric choices, natural flooring and beautiful, custom designed furniture but at the same time ensuring that our existing furniture integrated beautifully with the new pieces. The final product was incredible - warm and welcoming, tasteful and unique.

They also undertook the furnishing of our office reception area and boardroom with as much attention to detail, and in doing so, creating a professional yet comfortable working environment.

MM offers a personalized high quality consultation, excellent service and an extremely capable and friendly staff. It has been a pleasure working with them and we have no hesitation in recommending their services.

Kevin and Wayne Dexter.
